

## *The* CORA CREATIVE YOUTH CLUB, CYCC

One of the instruments through which the CORA and the LABAF achieve their core objectives is the engagement of the youths – pupils, students and youths – in its programmes and operations.

It is for this reason that eight years ago, the organisation inaugurated its **CORA Creative Youth Club**, which yearly bring together students from the three educational tiers – Primary, Secondary and Tertiary—to be part of the yearly LABAF.

Since its birth the CYCC, coordinated by the CORA Partners, **Events by Nature**, led by energetic and resourceful, **Lynda Amadi**, has staged workshops, training and mentoring sessions and free creative expression events to bring hundreds of young people into the exploration of the yearly thematic thrust, thus preparing them for active participation in the affairs of the nation and by extension the world.

In its 2023 edition, the CYCC will have an average of 100 students converge on the festival village, Freedom Park Lagos, daily from Monday, November 13 through Thursday 16<sup>th</sup>. Activities will include: Art & Craft workshops, writing and Reading Competitions, and DYOT – Do your Own Things
